Overview

Dr. Hasit Joshi is a highly experienced Cardiologist based in Ahmedabad, Gujarat, with an impressive 19 years of expertise in the field of cardiology. He holds multiple qualifications, including MBBS, MD in Medicine, and DM in Cardiology, making him a well-rounded medical professional dedicated to the health and well-being of his patients. Fluent in English, Gujarati, and Hindi, Dr. Joshi provides a comfortable and communicative environment for individuals from diverse backgrounds.

Dr. Joshi is recognized for his contributions to the medical community, having been invited as faculty at prestigious national and international conferences such as CAD, Euro-PCR, and TCT Asia Pacific. His commitment to education is evident through his presentations on various papers and interventional cases at significant conferences like AICT and TCT in Washington, USA.

In addition to his academic achievements, he has played a crucial role as a co-investigator in significant drug interventional stent trials, including the Co Star SIMPLE II trial. His dedication to ongoing learning and sharing of knowledge is further reflected in his active participation in lectures organized by various IMA Physician Associations.

As a member of the Apollo group, Dr. Hasit Joshi is committed to providing top-notch care and revolutionary treatments to his patients, ensuring they receive the best cardiology services possible. His extensive background and active engagement in the medical community underscore his dedication to advancing the field of cardiology.
