Overview

Dr Ashish Chugh is a highly accomplished Neurosurgeon at Apollo Hospitals, Pune, with over 25 years of experience in the field of neurosurgery. He holds an impressive academic background with qualifications including MBBS, MS, MCh (Neurosurgery), DNB (Neurosurgery), Fellowship in Micro Neurosurgery, and Fellowship in Spinal Neurosurgery, reflecting his commitment to advanced training and clinical excellence. His expertise covers a broad spectrum of neurosurgical conditions, enabling him to provide comprehensive and specialized care to his patients.

Fluent in English, Hindi, and Marathi, Dr. Chugh ensures effective communication with patients and their families, helping them understand complex neurological conditions and treatment options. His professional interests span across brain and spinal surgeries, microsurgical interventions, and advanced minimally invasive neurosurgical techniques. By combining precision with innovation, he consistently delivers high-quality outcomes tailored to individual patient needs.

At Apollo, Dr. Chugh integrates cutting-edge technology with evidence-based practices to manage both routine and complex neurosurgical cases. Known for his patient-centered philosophy, he emphasizes trust,

compassion, and education, ensuring patients feel supported throughout their treatment journey. With his dedication to advancing neurosurgery and his commitment to patient well-being, Dr. Ashish Chugh has earned a strong reputation as a trusted name in neurosurgery in Pune.
